Roatan is a Caribbean paradise located 40 miles off the North Coast of Honduras. Home to pristine, white sandy beaches, lush tropical hills covered in jungle, the second largest barrier reef in the world, and a diverse marine ecosystem.

Part of the Marine Protected Bay Islands, Roatan is 37 miles long and 5 miles wide at its widest point. Memorable for its hillside vistas and spanning ocean views. It's hard to forget the many shades of green and blue.
